

THE RUTH LANGLEY LUNCHEON

The Ruth Langley Luncheon, arranged by the Parents' & Friends' Association of St Catherine's School, is now well and truly established as a major event for women in the School's calendar. Introduced in 1999, the Luncheon draws significant interest from both within and beyond the School community.

The Ruth Langley Series is named in celebration of the leading role played by Ruth Langley, both in the history of St Catherine's School and in women's education in Victoria.

The Series seeks to focus on and reinforce Ruth Langley's belief in the philosophy of 'education for life' and that with determination and hard work, individuals have an ability to achieve extraordinary success in their lives.

Since its inception, The Ruth Langley Series has enjoyed a most diverse and accomplished group of women speakers, from a range of industries and backgrounds, who represent just that philosophy.

Here are just some of the women who have entertained and informed our Luncheon guests over the years.

Pru Goward
