“Feathers Fur and Scales”

Barbreck Middle Primary Art Exhibition

An exhibition of Years 3 and 4 ceramics and painting.

In Art this term Years 3 and 4 explored the colours, textures, shapes and forms of birds and animals in the Australian outback. Class discussions, library books, the internet and explorations of artwork of other artists informed artworks.

Year 3

Students explored a variety of Australian animals when deciding what to model in clay. They looked at the artwork of Heather Ellis and Dean Bowen, local contemporary artists for inspiration. We discussed the posture, shape and texture of animals and used the knowledge gained to inform students’ designs in their visual diaries and ultimately 3D ceramic sculptures. If you have QR code readers on your mobile phones, please use these to learn more about the 3D animals. The Year 3 students recorded their research projects completed in class with Ms Stride and Mr Russell.

Year 4

Students learnt about harmonious and complimentary colour for a painting of a kookaburra. They used their visual diaries to complete trials, exploring colour, line and shape when developing their style and technique to refine their imagery. Looking at the work of Jessie Breakwell, Del Kathryn Barton and Geoffrey Carran, students explored different ways to manipulate the paint to create a range of visual effects, including, large areas of colour layered with fine pattern. We hope you enjoy the musical recording of the iconic song “Kookaburra sits in the Old Gum Tree” playing on the monitor on the far wall facing the gallery entrance. This was recorded in Music Class with Ms Dhono Isworo.
