

# ST CATHERINE'S TEAMKIDS NEWSLETTER

## WHAT'S BEEN HAPPENING

Team Kids is so happy to begin operations at St Catherine's. Every week we have been growing in numbers and developing meaningful relationships with the children. Hearing all the lovely feedback from Parents, Families, and Teachers has been incredible.

The Children have been loving the program and have created some amazing things using their imagination and developing skills. They have loved adventuring to the playground, having outdoor dance parties, and challenging both their fine and gross motor skills.

We have been compiling feedback, suggestions, and observations from children, parents, and educators to ensure our program continues to reflect the children's interests and developmental needs while being engaging and meaningful.

Vacation Care is just around the corner, and we have so many fun activities planned including Incursions and Excursions that will make this a school holiday to remember. Our full program is available through the TeamKids tab on your school portal.
